EDMONTON, ALBERTA, MONDAY, SEPTEMBER 18, 1905

No 215

A BOUNTIFUL HARVEST

IS NOW FULLY ASSURED

One Hundred Bushels of Oats per Acre will be Common—Cutting Practically Finished.

It requires a visit to the harvest fields to fully appreciate the splendor that is being harvested in the surrounding country this year. Cutting is practically completed. Here and there a field of oats is standing yet but for the most part farmers are busy stacking their grain. The fields in stock give evidence of an enormous yield and 100 bushels of oats to the acre will not be an uncommon thing this fall and 40 bushels to the acre of wheat will be realized in many cases. Fields are literally covered with stocks and not only is the yield of straw an abundant one but the grain is of extra fine quality. Oats weighing 40 lbs. to the bushel and over will be quite common.

This bountiful harvest means much to the city as well as to the farmers and is an indication that every year is adding to the certainty of the crop prospects in this part of Alberta. In fertility of soil, this country is practically unexcelled on the continent and its future as a great agricultural district is now assured.

Threshing operations will begin in earnest this week. Some grain has already been threshed and record yields have been reported, among them J. B. Bruce of Lums, has threshed 40 bushels of wheat to the acre. Most of the farmers, however, are just completing their harvest, and the next two weeks will see a great deal of threshing done. The weather has been ideal for harvesting, in fact the whole season has been exceptionally favorable and is truly a fat one for the farmers.

MILL CHANGES HANDS

The milling property and interests of the Victoria Milling Company, at Pakan, Alta., have passed into the possession of J. A. Mitchell of that place, by purchase. Mr. Mitchell has formed a company to operate the mills and will put in a thoroughly up-to-date new flouring plant. The style of the new firm will be "The Victoria Milling and Produce Company, Ltd."

TELEGRAPHIC

SLAUGHTER HOUSE BURNED
Brandon, Sept. 17.—The slaughter house of King and Ferri, butchers, was destroyed by fire last night. Besides the building, a number of pigs and sheep were burned. Loss \$2,000.

PRETENDER CAPTURES DUTCH CITIZENS.

The Hague, Holland, Sept. 17.—An official despatch reports a successful raid made by the pretender, Sonoda, of the Timor Archipelago, who recently invaded the Dutch territory, killed 322 persons and carried off six-to-two captives.

CZAR GOES ON CRUISE.

St. Petersburg, Sept. 17.—Emperor Nicholas with the Empress and their children, Grand Duke Alexis and Count Lansdorff, foreign minister, started today on a cruise in Finnish waters and will not return till the end of the week. The Czar's absence from St. Petersburg will probably delay the signing of the peace treaty.

NEW CANADIAN OIL FIELDS.

Ottawa, Sept. 14.—Survey parties in northern Quebec, who are engaged in exploration work in connection with the route of the new transcontinental railway have encountered in a region lying to the north and east of Lake Abitibi, good indications of petroleum, of cobalt and of copper. The finders were not experienced enough to pronounce an expert opinion as to the economic value of their discoveries, but have brought down ore samples from which an idea can be gathered of the deposit. The petroleum was found bubbling through the waters of a lake of considerable size. If the pressure of a 50 feet depth of water had been removed, the oil would have been shooting probably 200 feet in the air.

EDMONTON SOCIAL LIFE

REFERRED TO IN A SERMON

One Standard of Christian Conduct—The Social Glass may mean the Beginning of the Downward Way

Rev. D. G. McQueen in his sermon Sunday evening spoke strongly upon the question of temperance. He took the ground that he did not deny any man the personal right to drink, but personal rights of that kind should not be exercised when their influence was dangerous to the community.

He said that his congregation would not like to see their minister frequenting bar-rooms, yet he has as much right to do it as any other member of the church. "You have no right," he said, "to make one standard of Christian conduct for the minister and another for other professing Christians. If it is wrong for me to stand up at the bar, and if it would injure me in my work to do so, then it is wrong for you and will injure the influence of your Christian life to do so."

Mr. McQueen also issued a note of warning to the ladies of the city to the entertainments in their homes. Many a young man began his downward career by a glass of wine at a social function, and he wished to speak of this matter in no uncertain way and to enter a solemn protest against a custom that was becoming too common in the city, and he warned the entertainers of the city to beware lest someone's blood be upon their head as a result of the temptation they were setting before young men.

He expressed his pleasure at the fact that the lady who was to preside in Government House was against this kind of thing; he had heard she was criticized for her stand, but he said all honor to her who upheld so high a standard.

MR. MCKENNEY A CANDIDATE

Mr. H. W. McKenney has consented to become a candidate in the St. Albert constituency for provincial honours. Mr. McKenney was for many years a merchant in St. Albert, and is well known throughout the constituency.

RAILWAY BUILDING NORTH

The C. N. R. construction is making rapid progress north to Morinville. Gangs are at work along the right of way ahead of the grading camps. McDonald's grading outfit is at work two miles this side of St. Albert, another outfit is at work just north of St. Albert, and on Saturday Swan's grading outfit went up about four miles north of St. Albert to begin grading.

The railway runs about one and three quarter miles west of the village of St. Albert and the station will probably be built on Dan Maloney's farm.

The grading at the wye is just about completed, and the E. Y. & P. branch to the new station will be finished on Wednesday. The track will be laid on this part as soon as the steel arrives. Where the grade is completed the track presents a fine appearance and would easily be regarded as the work of experienced railroad men. A connection between the forks of the Y. is also being built which will provide a means of turning trains.

OUT-POSTS MOVE BACK

IN OBEDIENCE TO ARMISTICE

Train Service Re-Established on Manchurian Railway—Outlaws feared during Evacuation

Genshu Pass, Manchuria, Sept. 17.—As the result of the armistice the outposts of the main positions on both sides will move back about two thirds of a mile, and hereafter will display white flags. There is now one fast train daily on the railway. There has been considerable advance in the value of both native and Russian money. The natives welcome peace and hope that the Pekin Government will send a strong man like Yuan Shai Kai, Governor of the Province of Pechili, to re-establish native authority, and to prevent anarchy during the evacuation by the Russian and Japanese armies. The people fear the outlaws who are in large numbers and are armed with Russian and Japanese rifles.

LOCAL

—Rev. Harkness preached a missionary sermon in the Baptist church at yesterday morning's service.

—Prof. Bryce, of the Winnipeg Presbyterian College, will preach in the Presbyterian church here next Sunday.

—Four drunks were in the police court on Saturday. Two were fined \$4 each and the other two had to pay \$5 each.

—The Shamrocks defeated the St. Catharine's lacrosse team 5 to 3 at Montreal on Saturday in the first game for the Minto cup.

—A sixteen foot boiler fifty-four inches in diameter is being placed in the Empire Block today to provide steam for heating the building.

—The Maroons of Winnipeg play Calgary base ball team in Calgary this afternoon. Moose formerly of Fernie, B.C., and Stokes and Gouche of Wetaskiwin will play with the Calgary team. Lewis will pitch today's game. Miller and Seltz are the reserve pitchers.

—Donald McLeod, the boy who was the victim of the shooting accident on Saturday, is getting along fairly well at the public hospital. No effort has been made yet to locate the bullet, and will not be made until the inflammation subsides. The chances for the lad's recovery are good.

—Mr. D. F. McArthur returned from Wetaskiwin on the Saturday afternoon train. The grading outfit, he says, began work there on Saturday morning. The outfits that went down first were delayed some five days waiting on the C.P.R. engineers. J. D. McArthur has five of his own outfits at work and about twenty other outfits are working for him. Breckinridge and Lund have taken a ten-mile grading contract from McArthur. About one half the outfits are working at the Saskatoon end of the line.

MR. ROGERS BREAKS SILENCE

When the provinces of Alberta and Saskatchewan were formed, the eastern portions of the former-provisional districts of Athabasca and Saskatchewan which were not included in the new provinces was joined with MacKenzie, Keewatin, Ungava and the Islands in the Arctic and the whole placed under control of the commissioner of the North West Mounted Police.

The district of Keewatin has for many years been under the jurisdiction of the Lieutenant-Governor of the province of Manitoba. There was of course no legislature nor executive authority given the Government of Manitoba over the district of Keewatin. The province had no authority to collect revenues from the district to spend money for its development or to otherwise carry on any of the duties of a Government in the territory.

The publication of the official notice of the transfer of Keewatin from the supervision of the Lieutenant-Governor of Manitoba to that of the Commissioner of the North West Mounted Police was however an occasion to attack the Federal Government which could not be overlooked by Hon. Robert Rogers, the spokesman of the Winnipeg papers which are vying with each other in their hostility to the Government. Double headed articles under distracting headings were daily published and their respective vocabularies of abusive epithets were exhausted in attempts to arouse in Manitoba an idea that in some unexplained manner that province had been insulted and robbed by the nominal loss of a district over which it had no control, from which it derived no revenue and for the development of which it had never expended a dollar.

The welfare of Keewatin is of more importance than the pleasure of the Hon. Robert Rogers and in taking the measures necessary to extend to that district in common with the other unorganized territories of the North West the measures of effective and efficient administration, the Federal Government is pursuing the policy of the progressive management which has tended powerfully to the development of the more southerly and westerly portions of the great Canadian North West.

The outburst of Mr. Rogers is the first sign of life which has come from the Manitoba Government for some time and from the time and nature of the attack it is reasonable to suppose it calculated to assist the friends of Mr. Rogers in their attack on the Federal and local Governments in Alberta and Saskatchewan, while from the circumstances under which it is launched it is quite as reasonable to suppose it designed to draw attention from the ominous silence of Mr. Rogers and his colleagues in regard to the Manitoba school system and its history under the present Manitoba Government.

CRICKET

(Contributed)
Edmonton just managed to secure a lead of two runs in the first innings Friday, the score being 75 to 73. Yet the Fort played hard and batted well. The partnership for the 8th inning that carried the telegraph to 73, and Chaney (then 25) appeared well set. It seemed hard lines that at this point he should have stepped in front of slow delivery of Mountfield's, having therfore to retire. L. W. Sherman, who came last, hit his first ball far in to the deep-field where Nield was lying in wait. The ball was very well judged and a very neat catch was the result.

The Fort naturally felt their defeat after such a close fight and we deplore any incident which may have disturbed the enjoyment of the afternoon. The Fort brought no umpires of their own. The umpires however were anxious to be impartial and it in one or two instances a mistake was made none would have regretted it more than the umpires themselves.

A visit to the Fort in a week's time (23rd inst.) is much looked forward to.

The following local team has gone to Wetaskiwin today to play there against a neighboring eleven at cricket: Messrs. Boyes Jr., Sandeman, Stocock, Redd, Howard, Downes, Adams, Wilson, Williams, and two others.

Umpire—Montgomery; Scorer, Rev. C. B. Beck.
The Fort scored 118 to Strathcona's 45 on Saturday and therefore won by 73. For the former Canon D'Eauham scored 23.

VETERANS OF THE FUR TRADE

A representative meeting of the retired servants and their descendants, who are claimants of land in the one-tenth part of Lord Selkirk's estate, was held on Tuesday afternoon the 12th inst. in the office of A. S. Stewart Esq., in the City of Prince Albert, Saskatchewan. Rev. Jas. Taylor in the chair.

The Secretary, James McKey, K.C., read the minutes of the last meeting which were adopted.

The chairman then gave a statement showing what had been done so far with the petition that had been sent to His Excellency the Governor-General and council and also submitted the correspondence that had taken place with regard to it.

It was resolved that a vote of thanks be conveyed to the Hon. J. H. Lamont for the help he has given in the matter while at Ottawa.

It was decided that a pamphlet be printed for free distribution setting forth the history of the claim and showing the quantity of land that is yet to be distributed.

The meeting adjourned for a fortnight.

JAPANESE MINISTER

HANDS IN HIS RESIGNATION

The Popular Discontent is somewhat Allayed but Military Guards are still on the Streets.

Tokio, Sept. 17.—The resignation of Minister Yoshikawa who was held responsible for the late disorders has had a quieting effect and though the thoroughfares and Government buildings remain under military guards there is no sign of any more rioting in connection with peace terms. Early reports greatly exaggerated the extent of the trouble.

CLARK BEGINS CAMPAIGN
Odds, Sept. 13.—Dr. Clarke, independent Liberal candidate for the riding of Rosebud, opened his campaign here tonight.

Russia's Naval Losses
St. Petersburg, Sept. 17.—The Russian losses battleships at Port Arthur, Vladivostock and in naval battles amounts according to official records to \$113,000,000.

PAPERS JOIN FORCES
Kingston, Sept. 17.—The Kingston News Company and the Kingston Times Company have amalgamated and additional capital will be forthcoming to provide for a first class Conservative journal.

HAULTAIN RUNS IN SOUTH QU'APPELLE

Regina, Sept. 16.—Hon. F. V. G. Haultain was nominated at the Sedley convention to contest South Qu'Appelle. He accepted by wire from Grenfell.

PONOKA LIBERALS SELECT MacLEOD.

Ponoka, Sept. 16.—The Ponoka Liberal convention was held yesterday and out of four candidates, J. R. MacLeod of Red Deer Lake was selected, Dr. Campbell of Ponoka making a good second.

MACKENZIE IN MACLEOD.
MacLeod, Sept. 13.—Malcolm MacKenzie was selected by the Liberals of MacLeod as standard bearer for the approaching provincial election. No other name was submitted at the convention. Mr. MacKenzie is looked upon as a strong candidate and a winner.

GILBERT PLEASED WITH THE WEST

Ottawa Sept. 17.—Sir Gilbert Parker speaking at the Canadian Club yesterday said that his recent trip to the North West had revealed to him lands he had not thoroughly understood before. When West in 1890 there was a great deal of pessimism and uncertainty as to the future as well as to the future of Canada. All this has passed away and the progress of the North West during the past few years has been really remarkable.

HAYES MAY WITHDRAW.
Calgary, Sept. 15.—There was a persistent rumor on the streets last night that John Hayes, the Conservative nominee, for the riding of Gleichen, would retire from the contest. Attached to the rumor is the report that Rufus Pope, ex-M.P., of Compton, Quebec, who has some interests in the west, will be the Conservative candidate in the next election. The Albertan was unable to see Mr. Hayes regarding the rumor and the local leaders of the party were non-committal.

DELAY GRAIN TARIFF
Montreal, Sept. 15.—The steam barge Niagara carried away the bridge of the Canada Atlantic railway which crosses the entrance to the Surlanges canal at Coaticook, thus blocking the heavy traffic on this waterway. The accident is serious to the port of Montreal, as there is a large amount of grain above the canal, which will have to wait until the canal is cleared, or transhipped in smaller vessels to pass down the old Beauharnois canal, which allows only a draft of nine feet.

MARTINS
(Correspondence)
Binders twine is the cause of most people's troubles in the Vermillion valley at present. Martin's, however, has no famine.

Some time ago we noticed an item in the Bulletin taken from the Western Star Times, in which it stated that considerable damage had been done in the Vermillion valley by hail. We give that statement a flat denial. There has been no hail, consequently no damage done except people talk of eighty bushels to the acre this fall. It looks like good crops in the Vermillion.

Users of SUNLIGHT and CHEERFUL SOAPS can get their TOILET SOAPS for nothing.

Ask your grocer for particulars or write us for Premium List.

A gift of little value if it consists of something you have no use for.

In exchange for Sunlight Soap Coupons you can get something you need and use every day.

LEVER BROTHERS LIMITED, TORONTO, CANADA.

RANCHMAN KILLED

Calgary Herald: John Ware, commonly called "Nigger John", an exile from the south and for 25 years a rancher and cow hand in the West, owner of a thousand head of the finest range cattle on the Red Deer river, was killed on Tuesday by a horse stumbling and falling upon him, killing him instantly. Deceased was 60 years old and leaves a family. Ware was one of the most widely known ranchers in this district. He was famous as a roper and rider, and always won first money in all of the competitions he entered. He was a man of prodigious strength, and with apparent ease he could pick up an 8 month old steer and throw him ready for branding. Any person who has tried to throw a six months old steer will realize that this is no small one. Ware first came to Canada with Fred Stinson and the Bar U cattle. He was foreman of the large Macpherson horse ranches and later on of the Quorn ranch on Sheep Creek. He started for himself on Sheep Creek and ran a ranch there for nine years removing to the Red Deer, where he has since lived. His wife died this spring.

SCHOOL ACCOMMODATION

The public school board are up against the proposition of providing further school accommodation for the children of the city. Both Queen's avenue and McKay avenue schools are crowded and Miss M. McCauley has been engaged to teach in the assembly room of the Queen's avenue school as soon as the room can be fitted up with seats.

The school board is discussing the advisability of building a new four roomed school in Norwood across Rat Creek. The board has been gathering information about the different parts of the city and find that perhaps there is more urgent need for a new school in the vicinity of Fraser's mill than in the Norwood locality. The matter is now under consideration.

TO LET

Two or three years, 320 acre farm 3½ miles S.E. Strathcona, 160 acres broken land, 70 acres Timothy hay also upland hay. Good frame house, stable to hold twelve horses, failing soft water artesian well; also surface well, good corral and out houses. Apply Mrs. J. B. Cameron, P.O. Box 248, Strathcona.

POLITICAL

Mr. Motherwell, Minister of Agriculture, Saskatchewan, will run in Qu'Appelle.

R. B. Bennett is expected to address the Stratford Conservatives on Tuesday evening.

Albertan: The two organizations of Carpenters held a joint meeting last evening in Nolan's hall to discuss matters relating to their organization. After the regular routine had been disposed of a resolution was carried without any opposition, "That the delegates to the Trades and Labor Council be instructed to ask that body to place a labor candidate in the field in the approaching election."

Albertan: John Hayes, the Conservative candidate for Gleichen, called at the Albertan office yesterday to deny the rumor reported in this paper yesterday morning, that he would retire from the contest in that riding. "That was the first that I heard of it," said Mr. Hayes, "I do not intend to retire from the contest. When I am elected, as I certainly shall be elected, I may retire if I find that there is a better man in sight who wants the riding and whom my constituents want. Until then I am in the fight and in the fight to stay until the last vote is polled."

PEMBINA RIVER SETTLEMENT

A. G. Harrison, agent of Dominion lands, has just returned from a visit to the Pembina river in the vicinity of Township 58-S-W-5m. Mr. Harrison reports this part of the district to be very rich in natural resources. The soil is good as this year's crop shows. Oats and barley and wheat are grown and give a very heavy yield. Peas, onions, potatoes, cabbage, etc., give large returns and have a better flavor than those grown south. The Pembina river is a beautiful stream, coal in abundance can be mined along its banks. Game is plentiful. The settlers have been handicapped owing to the fact that neither one odd quarter sections can be homesteaded or purchased, the C. P. R. having still the right of choice of farms north of 57 and the owner of Timber Btch 1122 having the right to dock off his berth before the land can be finally dealt with. These matters will be adjusted at an early date, the Minister of the Interior having sent Mr. Harrison out to look into the settlers' troubles and report at once on the same.

The extent of good agricultural land north west of Edmonton is great, in fact it extends as far west as the Mactaquac River along Chilka lake, the Lobstick and Carrot rivers. Only those who have made the trip can realize the great extent of rich agricultural land which lies north and west of Edmonton.

The settlers along the Pembina River are progressive and know they have located in a good part of the district, to which fact their crops bear testimony. Their hospitality is unbounded.

LOCAL

—Referring to the finding of the body of snook Bull, an Indian the Wetaskiwin Times says: An examination of the premises reveals the marks of where the body had been dragged 50 feet from between the machinery buildings and hidden in the warehouse as above mentioned. It appears that the body was right before being dragged, as only the heel marks are traceable in the ground. The greatest mystery surrounds the case as the victim was a quiet, peaceable man, about 24 years of age and at one time was an Indian police interpreter.

—Alexander Smith for ten years general secretary of the Liberal party throughout the Dominion, has entered into legal partnership with William Johnston, Ottawa, with offices in the Trust building. Just as Mr. Smith was called to the bar in 1891, he became general secretary for the Liberal party throughout the Province of Ontario, and also for Dominion general elections. Since that time Mr. Smith was secretary for three successful Dominion elections, and three successful Provincial general elections, but now devotes his time entirely to the practice of law. His acquaintance through the Dominion has enabled him since assuming practice in Ottawa to build up a tariff, customs, railway and other departmental business.

Just Received a New Stock of Dr. Jaeger's

PURE WOOL CLOTHING

For Men, Women and Children.

Having accepted the agency for this district for Dr. Jaeger's Sanitary Woolen System Co., Ltd., we can furnish you with their printed and illustrated catalogues and any goods you may desire that are described therein at the regular prices.

This should prove to be a great boon to the citizens of Edmonton and surrounding country, as it is a well known fact that "The Jaeger Pure Wool Wear" is the best that's manufactured.

See our corner window for samples of some of the lines we carry; call and examine the goods and ask for the illustrated catalogue with price list.

There is nothing so good to buy and so conducive to good health and comfort, as the pure wool UNDERCLOTHING, HOSIERY, GLOVES, SHOES, in fact any article of clothing for men, women and children, as that manufactured by the Dr. Jaeger Sanitary Woolen System Co., Ltd.

We feel sure it will be time pleasantly and profitably spent by you, when you look over our Large Stock of

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if its in good condition, it will move 3,550 miles in a year and require less than one tenth of a drop of oil to make it run. But it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

A. BRUCE POWLEY,
Jeweller.
Near the P.O., Edmonton.

Ross Bros Limited**The Gillette Razor**

To men who are accustomed to shave themselves, we would recommend the little ever-ready Gillette Razor, while this is one of what is generally called

Safety Razors

It is entirely different from the ordinary Safety, for with the Gillette you have no honing or stropping to do, as the Razor is always ready for use. The blade that is in the Razor when you buy it, is good for not less than ten shaves, and to a man who has an ordinary delicate, or fine beard, it will shave thirty times without stropping; then you simply remove that blade and put in a new one, or in other words, throw the old blade away, not trying to renew its edge, but put in a new blade, thus you start again with a new Razor. Twelve blades go with each Razor, and these twelve blades are good for not less than 120 shaves without stropping. The Razor is always ready. Then when the blades become dull, and you throw them away, you buy a new set of blades for \$1.00, which means again not less than 120 shaves. No matter if you are on the road or in a jolting conveyance of any kind, the Razor is always ready for use. You cannot cut yourself if you try.

We are the only people in this northern country who have these Razors, and as we have seen them work and know their capabilities we can recommend them without the slightest hesitation.

THE PERSPECTIVE VERMILLION VALLEY

(Bullett Correspondence)

During the palmy days of Greece, probably no myth stood forth with more lustre than the following. The inhabitants of an Hellenic city had fashioned and placed in a prominent public square, an immense statue in human form, wrought from the rarest of Parian marble. Between the limbs and all newcomers whose curiosity prompted them to interrogate it, the following colloquy would take place:

"What is thy name, O Statue?"

"I am called Opportunity."

"Why is thy hair so long on thy forehead?"

"That men may seize me as they pass by."

"Why dost thou stand on thy pedestal?"

"To show that I can stand but for a moment."

"Why is thy head so bold behind?"

"To show, when once I have passed, that I cannot be caught."

"But why refer to half-forgotten lore? Just this: The people of All parts are seizing opportunity by the forelock."

EDMONTON, ALBERTA, CANADA

POPULATION, 8,000.

CITY GOVERNMENT: Mayor, R. W. MacKenzie; Alderman, C. May, K. A. McLeod, W. H. Clark, D. B. Fraser, J. R. Boyle, T. Bellamy, J. H. Picard, W. A. Glesbach.

LOCAL

—Probs: Fair and cool.

—Rev. C. H. Heustis and Rev. A. E. Tuttie exchanged pulpits at yesterday's morning service.

—The Young Men's meeting in Sander's hall last night was well attended. Brief addresses were delivered by Mr. O'Keefe, Rev. A. M. McDonald and Mr. Arch Campbell, of Paisley, Ont.

—Mr. D. McGillivray, manager Canadian Bank of Commerce, Windsor, Ont., is visiting the west in the interests of the bank. He will relieve Mr. Turnbull, the local manager, who intends making an extended visit east.

—Winnipeg, Sept. 15.—It is stated in the city on high authority that seventy million dollars were offered to Canadian Pacific Railway Company's president and directors while in the city this week for farm land holdings in Western Canada by a United States and English syndicate. The offer was refused.

—Albertan: The people of Medicine Hat are not so sanguine about securing the location of the Strathcona Horse since the visit of the minister of militia to that place. In a speech which he made at Medicine Hat this week, he is reported to have said: "the business portion of his trip was to look over grounds for the location of the headquarters of the Strathcona Horse. While he would not be able to satisfy the curiosity of his hearers fully at present, he would state that a depot of permanent troops would be established in the West. He spoke very highly of the site proposed by the people of Medicine Hat."

—Chronicles: The men folks in the Salisbury settlement were dismasted to believe that a bear was prowling about in the vicinity, attributing the rumor to the nervousness of their better halves until the early part of this week when John made his appearance on the farm of Mr. Standard. Then the settlement turned out in force, men, women and children taking part in the hunt. He was of the cinnamon species, weighing 376 pounds, and measuring 8 feet 3 inches from claw to claw stretched out. Bearlike, he was cowering and kept dodging from thicket to thicket in the endeavor to escape his pursuers, until at last Mr. A. J. Standard got a snapshot at him and fortunately put the ball into the animal's brain.

—Ragins Standard: The work of construction of the granite-like sidewalk on Scarth street has stopped, and will probably remain so until the city inspector has a change of mind, or Dobson, Jackson & Fry change their methods. The work was stopped by the city inspector having refused to pass some of the walk on Scarth street. It is claimed that the construction between South Railway street and 11th avenue was not properly done owing to the walk being rushed too fast, and the materials not being well enough laid. There is no complaint about the material used but the manner of laying is what caused the trouble. The city inspector is of the opinion that the walks should be laid by skilled labor, while the gang at work has had practically no experience in that line. The walk between 11th and 12th avenues, it is claimed is not being put down on a proper level, and there is also some trouble over that portion of the work.

PERSONAL

A. T. Cushing left on Saturday for Portland.
Mrs. William Lockhart returned from the coast on Saturday.

Mr. Arch Campbell of Paisley, Ont., is visiting friends in Strathcona.
Mr. Johnston Brandon returned from a business trip down the C. & E.

Mr. Frank Oliver, Mrs. Oliver and Miss Anna will return today from their trip to Dawson City.

Mrs. P. Girard and family arrived from Quebec on Saturday to join Mr. P. Girard of this city.

Mr. John Stocks, Deputy Minister of Public Works, is in Calgary on business and will return this afternoon.

Mr. Thomas Lessard of Quebec is in the city visiting his sister, Mrs. W. Gariepy and his brother, V. E. and Gus. Lessard.

WANT LICENSE LAW CHANGED

[Calgary Albertan]

The members of the Licensed Victuallers Protective Association have prepared a draft bill of a law making some change in the license law which is being submitted to the different candidates for their opinions.

The changes are for the most part not very extreme. The most extreme change proposed is in section 8 which proposes to change the hour of closing on Saturday nights from seven p.m. to ten p.m.

Another change refers to selling liquor at race meets, etc. The proposed clause reads as follows:

"Upon application of any incorporate society, turf club or racing association the attorney-general in his discretion may grant a permit to any licensee under this ordinance to sell by retail for any period not exceeding six days, spirituous liquors, fermented or other liquors, in a covered booth or tent upon the grounds owned by any such society, association or club for the time being for the purpose of holding meetings for the encouragement of manly sports and exercises or for the purpose of holding racing or trotting matches, or during the time of holding up on such grounds any agricultural show or industrial exhibition, provided that the said meeting is held within a staked or fenced enclosure, and does not include any licensed premises within the limits of such enclosure, and provided that an inspector of the district shall approve of the location of the tent or booth in which such liquors may be sold under such permit."

The licensee to whom any such permit may be granted shall pay therefore a fee of \$10 for each day covered by the permit."

Another clause reads as follows:

"No hotel license shall be granted in respect of premises for which at the date of the passing of this ordinance no such license is current, unless such premises contain in addition to what is required for the use of the licensee, his family and servants, the number of bed-rooms following, that is to say: (a) in cities and towns at least thirty, (b) in villages at least twenty, each of which shall be properly furnished, and shall contain not less than 800 cubic feet of room, nor unless all of the partitions of the said hotel shall be properly and solidly built and running from wall to wall, and from floor to ceiling, nor unless all the rooms in the hotel shall be properly lighted and ventilated either by means of outside windows or by air shaft or court of an area of not less than six square feet nor unless all the provisions of section 24 of the said ordinance as enacted by section 4 of ordinance 26 of the ordinances passed in the first session of the year 1903 are complied with."

The number of licensed hotels proposed at any place is as follows:

"Incorporated cities, town and villages or unincorporated settlements where the population does not exceed 750, not more than two hotel licenses shall be granted; and where the population exceeds 750 and does not exceed 1,000, not more than three hotels shall be granted, and not more than one additional license shall be granted for each additional full 1,000 of population over 1,000, and no application for a license shall be entertained in respect of any hotel or wholesale premises not situated in some city, town or village or some place containing not less than fifteen dwelling houses within an area of not greater than 1,280 acres."
